Shotgun Start policy

Policy

The following options are available for Shot Gun Start Events:

1. Daily Course Booking - for \$1,500 a group can book the course for a morning or afternoon Shot Gun start without limitation of tees.
2. Small Event Booking - for smaller groups of golfers wanting a Shot Gun Start, for example 50 golfers, the Shot Gun Tees would be limited to holes 1 to 5 and 13 to 18. This would allow other golfers the opportunity to play the course at other tee times and minimise the chance of congestion on the course.

Ideally Small Event Shot Gun starts are to be planned well in advance - 2 years - in order to allow other bookings to be managed. Small Event Shot Gun starts which are requested in a short time frame will be declined if it impacts other golf bookings for the course.

Operation of shotguns

Shotgun Events will open the day prior allowing for the collection of the group's scorecards or they can be collected on the day. For member's shotgun starts, the competition fee will be charged to your account (please make sure you have sufficient funds) Only one player from the group is required to retrieve the cards, if there is someone in the group getting a cart then that player should get the cards.
